EDUCATION

The Ohio State University Columbus, Ohio
Ph.D. in Statistics (Dissertation Advisor: Dr. Steve MacEachern) Aug. 2019 - May. 2024 [anticipated]

Ewha Womans University Seoul, South Korea
M.S. in Statistics, GPA: 4.20/4.30 (98.5/100) Mar. 2017 - Feb. 2019

Ewha Womans University Seoul, South Korea
B.Econ & B.S. in Statistics, GPA: 3.94/4.30 (95.9/100) *Magna Cum Laude* Mar. 2012 - Feb. 2017

TEAMWORK/INTERNSHIP EXPERIENCE

Consumer Behavior Prediction using Airbnb Web Log data Seoul, South Korea
Final project in Graduate Data Mining course Mar. 2018 - Aug. 2018

- Predicted binary decision-making time (fast/slow) of Airbnb customers until the first reservation, using web log data provided by Kaggle and published the results
- Created derived variables that helped improve prediction performance and used various machine learning methods such as Support vector machine, Gradient Boosting, and XGBoost on R

L Point Big Data Competition, Lotte Members Seoul, South Korea
Grand Prize (Second place) Feb. 2018

- Participated as a team of three students to provide customized contents for customers, given demographic information and purchase logs of 18 thousands of customers
- Programmed a recommender system using R which suggests items that were purchased by customers who have similar demographic information and/or similar purchasing history, as well as weather and events according to the time of the year

Circle in a Square Advisors - Ameriprise Financial Services, LLC Washington D.C.
Intern Feb. 2016 - Jun. 2016

- Processed client sensitive data with Ameriprise software designed to generate reports
- Reviewed tracking reports, prepared client case preparation forms, and submitted client files for retention

RESEARCH EXPERIENCE

Pulmonary Arterial Hypertension Analysis, The Ohio State University Columbus, Ohio
Graduate Research Associate (Supervisor: Dr. Shili Lin) May. 2021 - Aug. 2021

- Built survival deep neural network models predicting 1 year survival of Pulmonary Arterial Hypertension patients using genetic pathways, checked variable importance, and compared performance of models using 10-fold cross validation on R and Python
- Fit Bayesian network models using clinical variables on Yale Open Data Access platform to analyze quality of life of Pulmonary Arterial Hypertension patients

Cancer operation rate & SES Analysis, Ewha Womans University Seoul, Korea
Research Assistant (Supervisor: Dr. Won Bok Lee) Dec. 2018 - July. 2019

- Analyzed National Health Insurance data at Korean National Health Insurance Service and studied relation between operation rate of cancer and socioeconomic status
- Transformed and cleaned data using SAS, applied logistic regression, visualized results using R and ggplot2

Chronic diseases and Nutrition Analysis, Mokdong Ewha W. Univ. Hospital Seoul, Korea
Research Assistant (Supervisor: Dr. Hye Ah Lee) Apr. 2018 - Feb. 2019

- Supported by Basic Science Research Program through National Research Foundation of Korea (NRF) funded by Ministry of Education (NRF-2017R1D1A1B03028719)
- Analyzed nutrition intake patterns to find linkage between nutrition intake patterns and chronic diseases using cohort data from Korean Genome and Epidemiology Study utilizing reduced rank regression, mixed models, and generalized estimating equations

Sufficient Dimension Reduction, Ewha Womans University
Research Assistant (Supervisor: Dr. Jae Keun Yoo)

Seoul, Korea
Mar. 2017 - Aug. 2018

- Studied sufficient dimension reduction(SDR) methodologies, focused on drawback of sliced average variance estimation(SAVE), and presented fused approach to SAVE
- Researched SDR literature, conducted numerical studies on dimension test, won bronze prize in poster competition at 2017 fall conference of the Korean Statistical Society, and published paper based on work

HONORS AND AWARDS

University Fellowship, <i>The Ohio State University, Columbus, Ohio</i>	Fall 2019 - Spring 2020
Lubrizol Start-up Fellowship, <i>The Lubrizol Foundation, Wickliffe, Ohio</i>	August 2019
Brain Korea 21 Plus Fellowship, <i>Korean Ministry of Education</i>	Fall 2017 - Fall 2018
4th Place in Poster Competition, <i>Korean Statistical Society</i>	Fall 2018
Grand Prize in 4th L. Point Big Data Competition, <i>Lotte Members, Seoul, Korea</i>	February 2018
Bronze Prize in Poster Competition, <i>Korean Statistical Society</i>	Fall 2017
Admission Scholarship, <i>Ewha Womans University</i>	Spring, Fall 2017
Dean's List, <i>Ewha Womans University, Seoul, Korea</i>	Fall 2012 - Spring 2014, Fall 2015, Fall 2016
Korea WEST Fellowship, <i>Korean National Institute for International Education</i>	Spring 2016
Global Internship Scholarship, <i>Ewha Womans University, Seoul, Korea</i>	Spring 2016
Creative Social Science Academy Scholarship, <i>Ewha Womans University</i>	Fall 2015
Placement & Work Experience Scholarship, <i>Ewha Womans University</i>	Summer 2015
International Exchange Scholarship, <i>Mirae Asset Park Hyeon Joo Foundation, Seoul, Korea</i>	Spring 2015

TEACHING EXPERIENCE

Statistics for the Business sciences, The Ohio State University
Graduate Teaching Assistant

Aug. 2021 - Present
Columbus, Ohio

- Lead and assist four online recitation sessions on weekly basis for about 80 students in each session
- Hold online tutoring hours and grade recitation assignments every week

Introduction to Statistical Analysis I, The Ohio State University
Graduate Teaching Assistant

Aug. 2020 - May. 2021
Columbus, Ohio

- Led two online recitation sessions on weekly basis for about 40 students in each session
- Held online tutoring hours and graded weekly recitation assignments
- Managed and graded group projects of 14 teams

SKILLS

Software: R, Python, SAS, MS-office

Language: Korean (Native), English (Proficient)
